14th June 2017

Incident Number 076029-14062017

TOC 00:55

Address Flat 16 Greenfell Tower
Lancaster West Estate
W11 1TG

FF David Reed G24 Southall [REDACTED] 9E

Ordered from base station G24 (Southall)
Not familiar with incident Ground.

Riding G242 we were ordered at approx
04.20 to 20 pump relief at above address
We approached from Bayswater Rd via Uxbridge
Rd.

On arrival the tower block ~~was~~ was well
alight from floors 4 to approx 24, and
crews were positioned in EDBA + SDBA Groups

We were told to move to a holding point
and await further instruction

After moving to the E.C. point on the 4th
floor, T/Em Glanville and myself were briefed to
Search and vent (if no fire) on floor 6, with no
fire fighting media, if a fire was found report
back to the ECO.

After searching and venting all ~~flats~~ flats on
floor 6 we returned to the ECO, myself on
LWW. All flats cleared and no casualties
found.

We left the scene to change cylinder and
refresh.

PJO.

(2)

After a fire ground A we were told that
we were no longer needed and to
report to Paddington.

FF ~~Mark~~
