Very sad news indeed!

Just to add that if we receive any phone calls/enquiries from the media please refer them to our Press Office as per the Council protocol.

Thanks

**Subject:** Grenfell fire

Morning, very sad news about the fire at Grenfell Tower

Amir was first on scene.

We are currently offering advice to the fire service. I have been into the Tower.

Will be on site most of the day.

Have had offers of support from BC manager's around London.

Not sure when our involvement will end here so will need to think about relief/cover at some point.

Will provide update later

John
