
This plan shows those pipes owned by Cadent Gas Ltd ("CGL") in its role as a licensed Gas Transporter (GT). It may also show future pipework, plant or other assets which CG plans to add to its gas network at any time in the future, or may not show existing pipework, plant or other assets which are planned to be removed or abandoned by CG from its gas network. Gas pipes owned by other GTs, or otherwise privately owned, may also be present in this area. Information with regard to the pipes shown on this plan should be verified before excavation is carried out to prevent damage to the pipes and to ensure the safety of any excavation. The accuracy of the information shown on this plan cannot be guaranteed. Service pipes, valves, syphons, stub connections, etc. are not shown but their presence should be anticipated. No liability of any kind whatsoever is accepted by Cadent Gas Ltd or their agents, servants or contractors for any error or omission in this plan or any information given within it (whether current or future). Safe digging practices, in accordance with HSG47, must be used to verify and establish the actual position of mains, pipes, services and other apparatus on site before any mechanical plant is used. It is your responsibility to ensure that this information is provided to all persons (either direct labour or contractors) working for you on or near gas apparatus and all reasonable precautions should be taken by you and those persons working for you to avoid any damage to the pipes and apparatus. The information included on this plan should not be referred to beyond a period of 28 days from the date of issue. This plan is to be used solely by Cadent Gas Networks or any contractor who has been instructed directly by Cadent Gas Ltd. This plan should not be distributed to or used by any other third party.
